

CDS Construction Services Ltd. 9a Poplar Close, Colnbrook, Berkshire, SL3 0PQ. www.cdsconstructionservices.co.uk

Case Study/Liverpool Road Gym/Refurb

Contract Value £150,000.00

How do you transform an uninspiring light industrial unit into a state of the art Gymnasium without breaking the bank? Simple call the team from CDS!!

The brief was to create a brand new Gymnasium on two floors complete with new changing and showering facilities for all, Male, Female and Disabled users alike. As the client already operates Gymnasiums they wanted some continuity with the finishes and colours, we took this on board and added to it.

There was a fixed budget available so new ceilings and lighting were out of the question, it was a case of adding additional features and lighting to them, hence the suspended circular "UFO's". The floor finishes then reflected these UFO's on the Ground Floor and more were added on the First Floor. Window manifestation, wall vinyls and graphics of different sizes, shapes and colours completed the project.
