Case Study/Pure Waffle/Restaurant

Contract Value £70,000.00

In a prime location just off London's Oxford Street this client had a very clear idea of exactly what he wanted, a full design package went out to tender and we secured the order over 6 other shopfitters. With some value engineering we gave the client his dream shop within his budget. All the counter and panelling were bespoke originals and this project is full of unusual features and fittings from the specially imported carpet to the metallic counter front panels. Small bespoke projects such as this are our speciality as we have the expertise and flexibility to accommodate customers desires however unusual they may be.
